

Constant Power For Jerky Jobs

Hay-baling is one of the jobs that put an uneven load on your tractor engine. When the hopper's full the load is heavy—when the feeder slows up the engine runs light.

Socony Tractor Oil stands up under the hardest service conditions. It keeps a tight piston-to-cylinder seal that prevents loss of compression and insures the steady, economical flow of full power. Socony Tractor Oil is recommended for all types, makes and sizes of tractors.

Buy Socony Oils, Greases and Fuels where you see the red, white and blue Socony Sign.

There is a Socony Lubricant of the right consistency for every mechanical need.

Did You Get Left

Some months ago we advised you to get your supply of sugar for canning when it was only temporarily plenty.

Only a few took advantage of this opportunity. Now there is another time of comparative plenty. If you are going to need an extra supply from now until September, we suggest that you get it now.

Our price is 26 cents per pound.
